

Recently in your gospel ministry to Spain

These last months have been full of excitement as we plug away one day at a time to plant the gospel in Spain. We appreciate your patience as ministry needs have been what we've had to prioritize in communication lately.

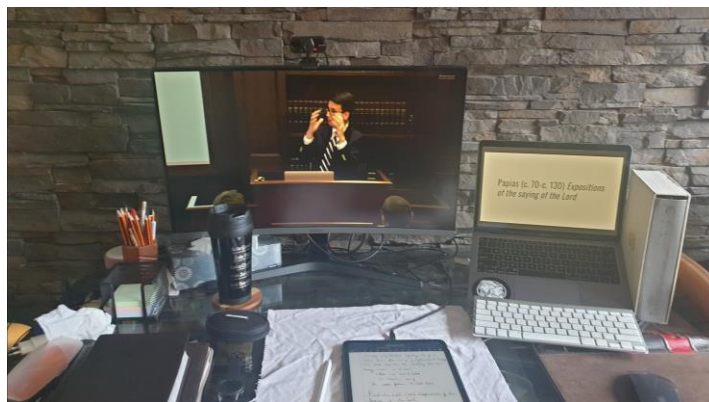

Lately we've been able to resume our evangelism outings where we interview and interact with young adults and teenagers that hang around the parks in the evening. This is where we've been able to share the gospel most directly and we've continued to see great result in these interactions. The people we share with are almost always interested in sharing with us.

- Please pray for all our contacts both past, present, and future, and that they'd follow up with us and respond to us to take further steps to stay in touch and commit their lives to Christ. Spaniards are open for conversation almost always but opening themselves up and trusting others is where we are praying God really begins to work.
-

As we communicated to some earlier in the year on Facebook, one of our teammates ,Óscar, passed away due to health complications. Óscar and his wife María (pictured above) worked in the south of Spain sharing the gospel with African immigrants. Maria and I were able to take a quick train to be there for the funeral service. This has been a hard hit for our entire team yet we've continued to experience the Lord sustaining us "mourning not like those without hope." We were glad overall to celebrate a brother's finishing of the race, who is now experiencing His savior's glory.

- Please be praying for Maria as she continues to depend on the Lord more than ever, processing the new journey she is now experiencing after the passing of her husband.

Maria and I continue to finish our educational courses and though it can be somewhat challenging at times, we are encouraged to take every opportunity to continue to prepare ourselves everyday for the mission God has called us to, here in Spain.

I've just finished my final exams for the semester at Reformation Bible College, and Maria is now studying for her exams for her degree in early childhood education.

- Please pray for Maria as she is studying for 4 exams at once as well as doing World team biblical courses. It can be stressful at times in the midst of ministry. She is strong as ever in her determination and is diligent to study unto to Lord.

We've really been enjoying continuing to gather on the Lord's day for worship. I've been continuing to be able to preach occasionally, as well as lead worship. This has been the heart of our ministry as we strive to cultivate a community centered on the gospel and God's word.

- Please pray as we are hoping to secure a building for our ministry efforts and Sunday worship. This is something that for Spaniards makes a big difference. Although we've seen God bless our home church, entering into someone's house without being family or a close intimate friend is

very rare for Spaniards to do. Please pray that God would provide this need for us as soon as possible.

We are so close to be able to finishing our goal of raising funds to pay for a ministry vehicle. This is something as mentioned that we have been counseled heavily on as nothing less than a necessity for our ministry purposes. This vehicle would allow us to serve the Lord for many years to come and we've been blown away by the support God has already made available through so many. We are only currently \$3,000 away from meeting this goal and every bit helps us get closer to purchasing it. You can find the link to be able to help us meet this goal in the blue box below. Fill in the ministry project with Dylan and Maria Williford Car fund and it'll go straight to helping us meet this need!

Nothing encourages us more than getting visits! Recently our close friends were able to come see us in person for a week and we were able to spend some great time sharing life, ministry, laughs and hardships. Whether it's family (pictured on the right with Maria's dad) or friends, we love to show them the other side of the ministry God is making possible through them.

This past week I was honored to be invested in by some of the current World Team leadership in what's called Leadership Cohort. The idea is to mentor future leaders within World Team and to equip and develop them as leaders to best serve God in their respective fields. I got a lot out of the entire experience and I couldn't feel more privileged to be a part of it.

Maria and I are so grateful for all you do to "hold the ropes steady" so that we are able to carry out the ministry God has called us to for His own glory. We are so anxious to continue to pour into the local Spaniards with the gospel of

Christ as our only hope. You may not see all your doing, but Maria and I do and we couldn't be more grateful to have you as a part of the team.

From this side of your ministry,
Dylan and Maria
