

Team Lancaster *Prayer Points*

April - May 2024

“All things are possible for one who believes.” (Mark 9:23)

Join us in thanking God . . .

- For the arrival of a healthy granddaughter, Mercy Ruth, on March 18. Her three siblings and parents have welcomed her with great joy! And Leslie was able to meet her before she left the hospital in Jacksonville, FL, and help during her first week at home.
- For God’s stirring of hearts through the Vision 24 youth mission conference April 12. Over 300 middle and high school students from the Lancaster region attended, and responses indicate some are listening for God’s call to global service for the first time.
- For God’s provision of employment for two adult sons of one household in a very tight employment market now. Please pray for their father to secure at least a part-time job to provide for the family’s needs.

Partner with us to ask God . . .

- For parents to welcome the opportunity for their children to participate in the Kids Day Camp planned for June 24-28. Registration is open, and Leslie is visiting homes to enroll young students for this fun week of discovery, friendship, and exposure to the Living Word.
- For seeking hearts for many who have sought to keep the fasts and prayers required during Ramadan this year, and for curiosity to discover more of the freedom offered them through Christ. Pray for the “freeing of the captives,” and the awakening to understand that our works cannot impress God and secure His favor.
- For an open heart and compelling conversations with “K,” the elder brother of an extended family who recently arrived to Lancaster, that he will see the blessing that Christ offers to him and others of his family, and be drawn to Christ. Especially pray that a recent serious health situation would open his heart to the mercy and forgiveness that God offers him through Christ.
- For meaningful service and relationship-building as we host a college student for an internship in cross-cultural service for two months during the summer. Pray for wisdom and for God’s leading as he serves along our side, and in the Hayat community.
- For needed staff and sustainable operations for one of the resettlement agencies that we partner with in Lancaster. It is a time of significant “turnover” in staffing, and leaves many in uncertainty.
- To raise up more of His people willing to befriend and welcome Syrian families that are resettling in our area. Families are arriving nearly every week so we find many opportunities to step into relationships with new neighbors as Christ’s representatives.

Please let us know how we can pray for you, and thank you for your partnership through prayer!
