

WORLD TEAM CAMBODIA

UNIVERSITY DORM

ABOUT US

WHO WE ARE

The World Team Dormitory for Cambodian University students exists to **create followers of Jesus** who become **disciple makers** by acting upon what Jesus taught and lived out; **sharing the transforming truths of the Gospel** with others. Our dorm seeks to provide a safe and affordable place for students to live allowing them to continue their formal education while learning life skills and living in a **Christ-centered community** that will encourage them as they become disciples of Christ.

OUR STUDENTS

Our hope is that our students will **lead and serve** in their local churches and communities once they've graduated. We want to prepare them to be **lights** in this country where less than 2% of the population knows Christ! Our students come from different provinces around Cambodia and are studying in 10 different universities in Phnom Penh, majoring in everything from agriculture to nursing. Our dorm has space for 20 students, 10 boys and 10 girls, as well as space for a few graduates in transition once they've graduated.

VISION

To glorify God by working together to invest in and equip the next generation of the Cambodian church.

HOW CAN YOU HELP

Pray that our students will grow in their faith and learn how to lead and disciple others in their faith.

Give online at <https://us.worldteam.org/donate-to-missions/donation-form/-> Project #044024

Come be a part of what God is doing in Cambodia. We are always looking for long-term teammates or midterm interns!
